INSTRUCTION MANUAL

Before using the TV, please read this manual thoroughly, and retain it for future reference.

Model: PLED5038-C-UHDSM

CONTENTS

CONTENTS

* The pictures, functions and other information provided in the manual are for reference only. If it does not match the actual object, please refer to the actual product.

SAFETY PRECAUTION

✳ CAUTION MARKING WAS LOCATED AT THE REAR OF THE APPARATUS.

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN
DO NOT EXPOSE THIS UNIT TO RAIN OR MOISTURE
AVIS RISQUE DE CHOC ÉLECTRIQUE – NE PAS OUVRIR

WARNING: TO REDUCE THE RISK OF ELECTRIC SHOCK，DO NOT REMOVE COVER（OR BACK）NO USER SERVICEABLE PARTS INSIDE.
REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

The lightning flash with arrowhead symbol, within an equilateral triangle,is intended to alert the user to the presence of uninsulated "dangerous voltage"within the product's enclosure that may beof sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral Triangle is intended to alert the user to The presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

CAUTION

• DANGER OF EXPLOSION IF BATTERY IS INCORRECTLY REPLACED. REPLACE ONLY WITH THE SAME OR EQUIVALENT TYPE.

• USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN THOSE SPECIFIED MAY RESULT IN HAZARDOUS RADIATION EXPOSURE.

WARNING:

• TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.
TO REVENT FIRE OR SHOCK HAZARD, DO NOT
• EXPOSE THIS UNIT TO RAIN OR MOISTURE. DO NOT PLACE OBJECTS FILLED WITH LIQUIDS ON OR NEAR THIS UNIT.
• SHOULD ANY TROUBLE OCCUR, DISCONNECT THE AC POWER CORD AND REFER SERVICING TO A QUALIFIED TECHNICIAN.

This equipment is a Class II or double insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolledenvironment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

PLACEMENT INFORMATION

• Do not use this unit in places that are extremely hot, cold, dusty or humid.
• Do not restrict the airflow of this unit by placing it somewhere with poor airflow, by covering it with a cloth, by placing it on bedding or carpeting.

SAFETY INFORMATION

• When connecting or disconnecting the AC power cord, grip the plug and not the cord itself. Pulling the cord may damage it and create a hazard.
• When you are not going to use the unit for a long period of time, disconnect the AC power cord.

RATING PLATE LOCATION

The rating plate is located on the rear of the unit.

FCC STATEMENTS

NOTE: This unit has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
This unit generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in a particular installation. If this unit does cause harmful interference to radio or television reception, which can be determined by turning the unit off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the unit and receiver.
-Connect the unit into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the unit.

IMPORTANT SAFETY INSTRUCTIONS

1)Read these instructions.
2)Keep these instructions.
3)Heed all warnings.
4)Follow all instructions.
5)Do not use this apparatus near water.
6)Clean only with a dry cloth.
7)Do not block any ventilation openings.
   Install in accordance with the
   manufacturer's instructions.
8)Do not install near any heat sources such
   as radiators, heat registers, stoves, or
   other apparatus (Including amplifiers) that
   produce heat.
9)Do not defeat the safety purpose of the
   polarized or grounding-type plug.
   A polarized plug has two blades with one
   wider than the other.
   A groundingtype plug has two blades
   and a third grounding prong.
  The wide blade or the third prong is
   provided for your safety.
   If the provided plug does not fit into your
   wall outlet, consult an electrician for
   replacement of the obsolete outlet.

10)Protect the power cord from being walked on
    or pinched particularly at plugs, convenience
    receptacles, and the point where they exit
    from the apparatus.
11)Only use attachments / accessories specified
    by the manufacturer.
12)Use only with the cart, stand,
    tripod, bracket, or table
    specified by the manufacturer,
    or sold with the apparatus.
    When a cart is used, use caution when
    moving the cart / apparatus combination to
    avoid injury from tip-over.
13)Unplug this apparatus during lightning
    Storms or when unused for long periods of
    time.
14)Refer all servicing to qualified service
    personnel. Servicing is required when the
    apparatushas been damaged in any way,
    such as the power cord or plug is damaged,
    liquid has been spilled or objects have fallen
    into the apparatus, the apparatus has been
    exposed to rain or moisture, does not operate
    normally, or has been dropped.
15)The mains plug is used as disconnect device,
    the disconnect device shall remain readily operable.

PERSONAL SAFETY NOTICE

● ALWAYS read and follow all instructions for the installation and use of the TV.

● Place the TV in a location that is level and sturdy.

● DO NOT place the TV on a furniture with drawers that can be used as steps by small children.

● DO NOT allow children to pull the TV or climb on the furniture where the TV is placed.

● DO NOT allow children to play in front of or around the TV.

● ALWAYS route all the cables connecting to the TV so the cables cannot be easily pulled and grabbed by children.

● When installing the TV on a wall, please purchase a TV mount recommended by a professional TV installer, and follow the installation instructions that come with the TV mount.

● Before installing the TV on a wall, please check to make sure the wall structure can support the weight of the TV and the mount. If in doubt, please ask the advice from a professional TV installer.

ACCESSORIES

Please check and identify the supplied accessories.

Remote control .... x 1

Battery(AAA) .... x 2

Instruction Manual ....x 1

Base stand .... x 2

Base stand screws .... x 4

GETTING STARTED

USING THE REMOTE CONTROL
·Point the remote control at the remote sensor located on the unit.
·When there is a strong ambient light source, the performance of the infrared remote sensor
·may be degraded, causing unreliable operation.
·The recommended effective distance for remote operation is about 16 feet (5 meters).

TO INSTALL THE BATTERIES
1.Open the battery door.
2. Insert 2"AAA"batteries.
BATTERY REPLACEMENT
When the batteries become weak, the operating distance of the remote control is greatly
reduced and you will need to replace the batteries.

⚠ **CAUTION** : Danger of explosion if battery is incorrectly replaced.

NOTES
·If the remote control is not going to be used for a long time, remove the batteries to avoid
damage caused by battery leakage corrosion.
·Do not mix old and new batteries. Do not mix ALKALINE, standard (CARBON-ZINC) or
rechargeable (NICKEL-CADMIUM) batteries.
·Always remove batteries as soon as they become weak.
·Weak batteries can leak and severely damage the remote control.

⚠ **WARNING :**
Do not dispose batteries in a fire. Batteries may explode or leak.
Batteries shall not be exposed to excessive heat such as sunshine, fire or the like.

REMOTE CONTROL
Format : NEC
Remote Code: 20DF

Code location Chart

POWER(⏻): Turns the TV on or off.

MUTE(🔇): Mute or restore the sound

BOTTOM VIEW
1. ⏻/INPUT: When TV power off, long press this button to turn on. When TV is on, long press this button to turn off, short press this button to call out the input source menu, press the VOL+/- button to select the input source and press the power on/off button again to confirm the selection.

2. VOL-: Decreases the volume. In the TV menu system, it acts like the left arrow on the remote control and can be used to select menu options.

3. VOL+: Increases the volume. In the TV menu system, it acts like the right arrow on the remote control and can be used to select menu options.

4. CH–: Scans down through the channel list. In the TV menu system, it acts like the down arrow on the remote control and can be used to select menu options.

5. CH+: Scans up through the channel list. In the TV menu system, it acts like the up arrow on the remote control and can be used to select menu options.

5

BACK VIEW
OPTICAL: Digital TV sound output.

USB: Connect the USB device such as the flash disk to access the TV media function.

HDMI: (High-Definition Multimedia Interface) Provides an uncompressed digital connection.

VGA: Connect the PC to these jacks.

MINI YPbPr: Connect the YPbPr output jack of the DVD or VCR.

RF: Connect to receive the signal from your antenna or cable through a coaxial cable.

MINI AV: Connect an AV device that has compostise video jacks,such as a VCR or DVD Player.
    Note: PC AUDIO IN and mini AV share one port, PC audio and YPbPr audio should connect from this port.

EARPHONE: Connect a 3.5mm headset for personal audio.

LAN: Connect the Internet.

WALL MOUNT INSTALLATION

INSTALLING / REMOVING THE BASE STAND

WARNING : The LED Display is very fragile , and must be protected at all times when removing the base
Stand .

Be sure that no hard or sharp object or anything that could scratch or damage the LED display comes into
contact with it Do NOT exert pressure on the front of the unit at any time because the screen could crack.

1. Disconnect all cables or cords connected to the unit.
2. Lay the unit down on a flat surface with the back side facing up Please make sure to place a soft
cushioned material (such as a pillow or thick piece of foam) beneath the screen.
3. To remove the base stand , loosen screws off the holes then pull downwards to release
the base stand

Pedestal Screws	Quantity
M4x16mm	4pcs
MOUNTING ON THE WALL
This unit is VESA-compliant, and is designed to be wall-mounted with a VESA-compliant 8"x 8"
(200mm x 200mm) mounting kit designed for flat-panel TVs (not supplied).
Length of screw should be not exceed 8 mm

NOTE
Remove the base stand before mounting the unit on the wall.

8"
8"

Four mounting holes
(size M6 screw)

Installation

Your TV is packaged with the stand and the cabinet separated. Before using the TV, install the stand as described below, or if you want to mount it to a wall, see page 7 for mounting advice; the wall mount itself is not supplied.

IMPORTANT!

- Make sure the TV set is unplugged from the power supply before installing or removing the stand.

- The TV panel may be awkward to install on your own. We recommend you ask someone to help with installation and/or removal of the stand.

Attaching the stand

Step 1
Place a soft cushioned material on top of a flat surface to prevent damaging the screen panel. Then place the TV monitor flat on top, with the screen side facing down, as illustrated on the right (1).

Step 2
Align the screw holes on the stand and the bottom of the TV, as illustrated on the right (2).
Step 3
Tighten the screws (supplied) with a screwdriver to affix the stand to the panel, as illustrated on the right (3).

NOTE: Do not apply excessive force as this may damage the screw holes.

CONNECTIONS

CONNECTING A TV ANTENNA / CABLE / SATELLITE
To view television channels correctly, a signal must
be received from one of the following sources:
- An indoor or outdoor aerial antenna
- A cable system
- A satellite system

NOTE

For receiving over-the-air TV broadcasts, we
recommend that you use an external fixed antenna.
Should you require the use of a temporary antenna,
please ensure that you purchase an antenna with
sufficient ability to receive in weak signal areas.
Only when you are in close proximity to a transmitter
will a temporary antenna reproduce a signal as
strongly as a fixed antenna.

CONNECTIONS

CONNECTING A HIGH-DEFINITION (HD) SOURCE USING COMPONENT CONNECTION

High-Definition (HD) Devices with component video output must be connected to the YPbPr input.
Connect the component video cable and audio cable (not included) as shown.
Make sure you connect the component video cable and audio cable from the other equipment
（COMPONENT OUT and AUDIO OUT）to the unit COMPONENT IN.

NOTE
When connecting a DVD player to the television,
the picture resolution is solely dependent upon
the resolution supported by the DVD player attached.
DVD player resolutions vary from 480i to 1080P.
and this television can support DVD players up to
a maximum resolution of 1080P.

* May require a subscription
   for receiving HD channels,
   check with your cable/satellite
   service provider for details.

CONNECTING A HIGH-DEFINITION (HD) SOURCE USING HDMI CONNECTION

HDMI (High Definition Multimedia Interface) supports both video and audio on a single digital connection
for use with DVD players, DTV, set-top boxes and other digital AV devices. HDMI was developed to provide
the technologies of High Bandwidth Digital Content Protection (HDCP) as well as Digital Visual Interface
(DVI) in one specification. HDCP is used to protect digital content transmitted and received by
DVI-compliant or HDMIcompliant displays.
HDMI has the capability to support standard, enhanced or high-definition video plus standard to
multi-channel surround-sound audio. HDMI features include uncompressed digital video, a bandwidth of
up to 2.2 gigabytes per second (with HDTV signals), one connector (instead of several cables and
connectors), and communication between the AV source and AV devices such as DTVs.
Connect the HDMI cable (not included) as
shown:
Make sure you connect the cable from the
source equipment (HDMI OUT) to this unit
(HDMI IN).

CONNECTIONS

CONNECTING THE POWER CORD

You can power on your TV unit before you make sure the power cord is inserted well.
At the same time, please check that the rated voltage of your unit matches your local
Voltage.

NOTE
• Insert the power plug fully into the socket outlet.
(If the power plug is loose it could generate heat and
cause fire .)
• Ensure that the power plug is easily accessible.
• Ensure the earth pin on the power plug is securely
connected to prevent electrical shock.
• Do not touch the power plug with a wet hand.
(This may cause electrical shock.)
• Do not use any power cord other than that provided
with this TV. (This may cause fire or electrical shock.)
• Do not damage the power cord.
(A damaged cord may cause fire or electrical shock.)
• Do not move the TV with the cord plugged in the
socket outlet.
• Do not place a heavy object on the cord or place
the cord near a high-temperature object.
• Do not twist the cord, bend it excessively, or stretch it.
• Do not pull on the cord. Hold onto the power plug body when disconnecting cord.
• Do not use a damaged power plug or socket outlet.

PUTTING THE UNIT ON A PROPER PLACE

When you turn on your television set for
the first time, be sure to place it on a solid
stable surface.

To avoid danger, do not expose the TV
to water, or a heat source
(e.g. lamp, candle, radiator).

Do not obstruct the ventilation grid
at the rear and be sure to leave sufficient
gaps around the unit.

TURNING THE UNIT ON FOR THE FIRST TIME

After you have initially connected your TV antenna or cable, turn the television ON.
A screen will display asking you to select a Language, Country and Internet.
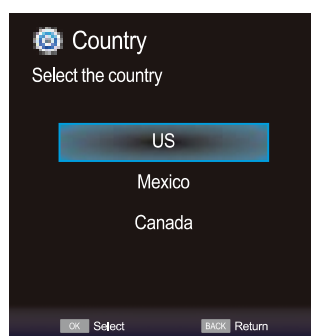

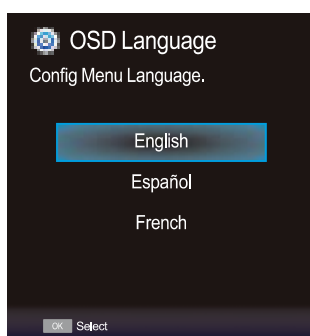

Select option of Auto Tuning under the up and down keys .Then press OK button
on suitable location and the auto tuning will begin.
SOURCE SELECTION

1. Press the **SOURCE** button on the remote control.
2. Use the ▲ or ▼ button to select the options (TV,AV,Component,HDMI,USB)
and select any of them using the **OK** button. (The screen will change to your desired source).
Note :
Before watching please make sure all necessary cables and devices are connected.

TROUBLESHOOTING GUIDE

SYMPTOM	CAUSE (AND REMEDY)
TV	
Bad Picture (snow, multiple images distortion,blurry)	• Check the location of the antenna and adjust it if necessary. • Make sure the antenna cable is firmly connected. • Make sure all input cables are firmly connected.
No sound.	• Increase the volume. • Check whether the mute function has been activated on the Remote Control.
Black and White picture.	• Check the PICTURE setting within the PICTURE menu. • Check to make sure the program you are watching is broadcast in Color and not Black & White.
No picture or sound.	• Make sure the unit is plugged in and turned on. • Make sure that the ATV mode is selected. • Try a new channel to check for possible station trouble. • Make sure the antenna is connected properly. • Increase the volume. • Make sure the antenna or audio/video source device is working properly. • Make sure all cables are firmly connected. • Check for local interference.
Colored patches of picture.	• Make sure there are no unshielded electrical devices nearby that are causing interference. • Turn the TV off for 30 minutes, then try it again.
Panel function key does not respond correctly.	• Under the influence of electrostatic phenomenon, the product may malfunction and require usertopowerreset. • Unplug and re-plug the AC power cord.
The display monitor's panel goes hot.	• LED TV takes inside lighten phosphor. It may increase the temperature of the screen in some occasions. It's not a defect.
Unusual dots	• Black dots and Bright points may appear on the LED screen. This is a structural property of the LED panel and is not a defect.
Stripes on screen	• Adjust the impulse phase may decrease stripes. RGB in
The top of the monitor gets hot.	• It may occur during long-time working. It's not a defect.
Unable to select a certain channel.	• The channel may be skipped. Choose this channel by directly selecting the buttons from the remote control.
Disorder display at power on.	• This may be caused because of a very short interval between POWER OFF and ON. • Unplug the power and restart.

To make a warranty claim, do not return this product to the store. Please email support@curtiscs.com or call 1-800-968-9853.

1 Year Warranty

This product is warranted to be free from defects in material and workmanship for a period of one (1) year from the date of original purchase. During this period, your exclusive remedy is repair or replacement of this product or component found to be defective, at our option; however, you are responsible for all costs associated with returning the product to us. If the product or component is no longer available, we will replace with a similar one of equal or greater value. Prior to a replacement being sent, the product must be rendered inoperable or returned to us.

This warranty does ***not*** cover glass, filters, wear from normal use, use not in conformity with the printed directions., or damage to the product resulting from accident, alteration, abuse, or misuse. This warranty extends only to the original consumer purchaser or gift recipient. Keep the original sales receipt, as proof of purchase is required to make a warranty claim. This warranty is void if the product is used for other than single-family household use or subjected to any voltage and waveform other than as on the specified rating on the label (e.g., 120V~60Hz).

We exclude all claims for special, incidental, and consequential damages caused by breach of express or implied warranty. All liability is limited to the amount of the purchase price. **Every implied warranty, including any statutory warranty or condition of merchantability or fitness for a particular purpose, is disclaimed except to the extent prohibited by law, in which case such warranty or condition is limited to the duration of this written warranty.** This warranty gives you specific legal rights. You may have other legal rights that vary depending on where you live. Some states or provinces do not allow limitations on implied warranties or special, incidental, or consequential damages, so the foregoing limitations may not apply to you.

For faster service, locate the model, type, and serial numbers on your appliance.
